To Whom It May Concern:

I, Mukayev Keldibek Bolotbekovich, Director and Head Coach of the football club “Namys Guerrero,” am pleased to introduce Bolotbekov Tagay, a player on our team who, through several years of dedicated training and self-improvement, has become one of the best footballers in our club.

Tagay came under my guidance in 2021. At that time, he was not yet physically prepared, but his determination to grow and work on himself was immediately apparent. First and foremost, I would like to highlight his exceptional perseverance and drive for improvement. He never sought easy ways out and always approached training with full commitment. This approach has enabled him to significantly improve his physical capabilities, technical skills, and become a well-rounded player.

After three years of hard work, Tagay earned a place on the national youth team, which is a well-deserved result of his efforts. Not only is he well-prepared from a technical and tactical perspective, but he also demonstrates incredible dedication on the field. In games, Tagay is always ready to sacrifice for the team—time and again, he has shown a willingness to take risks to prevent opponents from scoring. He frequently makes crucial goal-blocking moves, diving with his head in difficult moments, underscoring his commitment and resolve.

I especially want to emphasize Tagay’s discipline. He strictly follows the training regimen, never missing a session, regardless of the weather. Rain, snow, or heat—nothing stops him from training and improving himself. Even in the most challenging moments, he does not give up, serving as an example to all his teammates.

In 2022, Tagay was recognized as the Player of the Year in our team, which was a fitting reward for his hard work and contribution to our success. He is a player with high moral character, always ready to support the team and help out in difficult situations.

I am confident that Tagay will continue to develop and achieve success, and I am fully assured of his potential. I recommend him for any opportunities that value not only athletic accomplishments but also such outstanding personal qualities as perseverance, discipline, and the drive to succeed.

Sincerely,

Mukayev Keldibek Bolotbekovich
Director of football club «Namys Guerrero»
